THE NEW I-HOPE WOMEN'S BUSINESS CENTER OF THE LOWCOUNTRY IS HERE!

The WBC is hosted by Increasing H.O.P.E. Financial Training Center (501c3), funded in part through a Cooperative Agreement with the US Small Business Administration. We believe that every woman, minority, and veteran entrepreneur should be supported, encouraged, and valued in our community.

**We want you to know,
There is always HOPE!**

**We do not judge.
Working together is key.**

DOROTHEA BERNIQUE
Founder/Executive Director

While Dorothea was working as an insurance agent and investment advisor in the Charleston Metro area, she was surprised by the number of clients who lacked the fundamentals of good money management. Dorothea desired to help people with modest incomes find ways to stabilize their finances and eventually build a legacy for their children.

In 2003, Dorothea walked away from her promising career and began working from her kitchen table, planting the seeds which would grow into Increasing H.O.P.E. Financial Training Center. Now, after 16 years of service, Increasing H.O.P.E. has helped thousands of people and grown to a five-person staff. Their mission remains creating financial freedom in our community.
